PROFESSIONAL EXPERIENCE

React.js/Frontend Developer, *SearchingYard Group*   Dec 2023 – Aug 2024 | Odisha, India
- Led the development of high-performance web apps using React.js and Next.js, implementing SSR and SSG, which improved page load speed by 25% and enhanced SEO.
- Integrated complex features like role-based access control and data updates using Redux and Context API, resulting in a 20% improvement in application scalability.
- Collaborated with UI/UX design and backend teams, ensuring cross-browser compatibility and a seamless user experience across devices, leading to a 15% reduction in customer complaints.

Frontend Developer - Intern, *SearchingYard Group*   May 2023 – Nov 2023 | Odisha, India
- Designed adaptive, responsive UI components, improving cross-browser compatibility and adherence to modern web standards.
- Assisted in integrating RESTful APIs for consistent data retrieval across devices, contributing to a 10% increase in application efficiency.
- Actively participated in agile development cycles, contributing to code reviews and improving frontend architecture through close collaboration with senior developers.

PROJECTS

HRMS Platform, *JavaScript, Next.js, TypeScript, Tailwind CSS, Node.js, Express.js, & MongoDB*
- Led a cross-functional team of 5 developers to deliver a robust HRMS platform, managing front-end development and seamless API integration.
- Integrated advanced features like employee management, payroll processing, and attendance tracking, improving HR operational efficiency by 30%.
- Ensured the platform's scalability and performance, supporting over 100 active users with minimal downtime.

CMS Platform, *React.js, Tailwind CSS, Node.js, Express.js, & MongoDB*
- Architected a CMS with a modular design, creating reusable UI components and microservices that can be easily scaled and customized for various business needs.
- Implemented user authentication and content versioning, reducing unauthorized access by 40% and improving content management for 150+ users.
- Successfully deployed the CMS, leading to a 40% improvement in content management speed and a 25% reduction in operational costs.

SKILLS

Frontend Tech — React.js, Next.js, Redux Toolkit, Zustand, Context API, RESTful APIs, Axios, TypeScript, JavaScript, Material-UI, Tailwind CSS, HTML5, CSS3, Webpack, Babel

Version Control & Other Tech — Git, GitHub, Vercel, Formik, Yup, SWR, npm, Yarn, Code Optimization, Responsive Design

Soft Skills — Team Collaboration, Consistent, Problem-Solving Skills, Verbal Communication

EDUCATION

Centurion University of Technology and Management,   Aug 2019 – 2023 | Bhubaneswar
Bachelor of Technology in Computer Science and Engineering
 CGPA: 8.4/10
